	iCanAnimate	App for children to film their own animation. Encourage children to develop their skills and create their own story, retell a favourite tale or to explain an idea.
	Book Creator	Book Creator is a simple tool for creating awesome digital books.
	Puppet Pals	Create your own unique shows with animation and audio in real time!
	A.L.E.X	A.L.E.X. is a fun puzzle game and a great way to train your brain. A.L.E.X. helps you think and plan logically as you program your robot A.L.E.X. with a sequence of commands to get through each level from start to finish.
	Lightbot	Lightbot: Code Hour is a programming puzzle game- a game whose game mechanics require using programming logic to solve levels. This short teaser is meant to introduce players to programming who may have little to no experience.
	Bee Bot	The App makes use of Bee-Bot's key functionality and enables children to improve their skills in directional language, programming sequences of forwards, backwards, left and right 90 degree turns.
	Garage Band	GarageBand makes it incredibly simple to play, record and share your music, no matter where you are. Tap into a wide range of instruments from around the world.
	Maths Bingo	Very popular game amongst our Year 1 & 2's. The object of Math BINGO is to get a pattern of five BINGO Bugs in a row by correctly answering math problems.
	Times Table Rock Stars	Times Tables Rock Stars is a carefully sequenced programme of daily times tables practice. Our years 3-6 children have a log in for this to gain personalised questions.
	Sky View	SkyView brings stargazing to everyone! Simply point your iPhone, iPad, or iPod at the sky to identify stars, constellations, satellites, and more!
	Number Link	Playing this exciting puzzle is very simple: connect the pairs of numbers without leaving any empty square on the board. Sounds easy but it's really puzzling, so don't underestimate this brain teaser. Number Link is a real challenge!
	ABC Alphabet Phonics	An exciting educational game that helps your child rapidly learn the ABC by sight, sound, and touch.
	Scratch Jr	By snapping together graphical programming blocks, children can make characters move, jump, dance, and sing. In the process, children learn to solve problems, design projects, and express themselves creatively on the computer.
	Teach Monster	Teach Your Monster to Read is an award-winning phonics and reading game that's helped millions of children learn to read.
